

SELMA MAN IS SHOT DOWN IN HOTEL; NEGRO BEING SOUGHT.

Selma, Ala., May 15.—Archibald Green, well known man of Selma, son of Mrs. M. R. Green, was shot in an altercation with a negro bell boy, it is claimed, at the Albert Hotel tonight about eight o'clock. The ball entered the lower part of Mr. Green's stomach, ranging toward the left hip. He was rushed to the King Memorial Hospital, where he under went an operation for the removal of the ball. His condition was considered very serious. The negro escaped immediately. Particulars that led up to the shooting are said to be as follows: After an altercation with the negro, Mr. Green followed him to the back entrance of the hotel, where, after some words had passed between them, Mr. Green struck the negro over the head with a pitcher which he held in his hand, and the negro retaliated by pulling a gun and firing at Mr. Green before anyone realized his intentions. The report of the shot drew a large crowd of people to the scene. In a few minutes a posse of officers and citizens headed by former Sheriff Stanfill and other officers, started at once in pursuit of the fleeing negro and were still scouring the vicinity of Selma for him at a late hour tonight.

Miss Estelle Bryant left yesterday for a few days visit to Dothan.

MRS. T. E. WATSON DIES UNEXPECTEDLY.

Thomson, Ga., May 14.—Mrs. Thomas E. Watson, widow of the late United States Senator Thomas E. Watson, of Georgia, died at her home here at 11 o'clock tonight, from an attack of acute diabetes. Mrs. Watson had been in failing health for several months but her condition had not become alarming until a short time before her death. She took a sudden turn for the worse early tonight, which resulted in death. She is survived by two granddaughters, the Misses Georgia Lee and Georgia Watson.

Mrs. Watson was the first woman ever to be tendered the appointment as United States Senator, Governor Hardwick having offered her the seat made vacant by the death of her husband last fall. She declined the appointment, however, and it was given to Mrs. Rebecca Felton, of Cartersville.

CARD OF THANKS.

We wish to extend our sincere sympathy to the people of Elba and New Brockton, who were so kind and thoughtful of us during our recent sad bereavement. We pray God's richest blessings on each and every one of you.

Mr. and Mrs. H. L. Crabtree.

Yeoman Campaign Now On

The campaign for members in the Brotherhood of American Yeomen, which is being conducted in Elba by J. D. Covington, Deputy, is gaining much interest on account of the various features of the organization in a fraternal way and in the insurance department also.

The Yeomen write 20 Pay, Whole Life, and an Endowment Policy at the age of 70. These policies cover accidents of various kinds, in addition to the life insurance and also carry the cash and loan value, paid up insurance and time extension.

During this campaign there will be no fee for initiation or medical examination. Both men and women from 16 to 60 years of age accepted. Also children in the juvenile department.

If interested see the local organizer.

ANOTHER BAD FIRE OCCURS AT FLORALA

Floralta News says:

Shortly after three o'clock this (Friday) morning, fire was discovered in the building occupied by the Busy Bee Cafe. The fire was already spreading to the building occupied by the new picture show, as the two buildings were only separated by a wooden partition. Considerable fear was entertained for a time even after the fire department arrived, that the stores of A. L. Rosenberg and Holloway Mercantile Company might also burn. And the damage by water and smoke was considerable to both Holloway Mercantile Company's covered heavier than Rosenberg's, however, as the fire got into that store and the hose had to be turned into it.

If the fire department which did some good work in this case, had been delayed any in getting to the fire, the entire block would very likely have been destroyed. The fronts of all the stores from Kelly Grocery Company's store to I. S. Lurie Furniture Company's store were damaged.

It is said that the insurance companies cancelled about half of the insurance in that section of the block last week. The Busy Bee Cafe in which it is said the fire originated, was owned and operated by Mr. H. A. Reeves, and the picture show was owned by Mr. Byron Sellers. The building occupied by the cafe had recently been bought by Mr. W. D. Patrick from Mrs. Price and he contemplated moving his theatre, the Cozy Theatre, into it as soon as he could obtain possession, but it is said that right to possession was in dispute. The warehouse back of the burned buildings was also damaged with some feed stuff.

This was the most serious of the many early morning fires to occur in Floralta in over a year, and is generally thought to be of incendiary origin.

CARD OF THANKS

We wish to express our sincere thanks and deepest appreciation for every expression of love and sympathy shown us during our great sorrow. The loss of Barnes has darkened our lives and crushed our hopes, without our friends it seems that it would have been unbearable.

As we pray for God to strengthen us in our grief we shall ask His blessings on each of you.

Mr. and Mrs. J. W. Kendrick and Family.

PIKE MURDER CASES ARE SET FOR TRIAL.

Troy Herald says: The five white men held on a charge of murder in connection with the killing of Jim Stewart, white of Josie beat, some time ago, will be tried separately during this term of circuit court.

George Harden will be the first to face a jury on a first degree murder charge. His trial has been set for May 25th.

Henry Wilks will be the next, his trial being set for the 30th of May. Dates for the trials of the other three, McLendon, Harden and Wilks, have not yet been fixed.

NOTICE TO TAX PAYERS.

The Tax Assessor has completed his work of adjusting the taxes of Coffee County for the year 1923, and has returned his report, which is open for inspection. Said Tax Assessor will be in the Tax Assessor's office at Elba for one week beginning on June 1, 1923, and at Enterprise for one week beginning on June 18, 1923, for the purpose of correcting any errors which may have been made in assessments or valuations.

This, May 11, 1923. D. C. MARLEY, Tax Assessor, Coffee County.

DEAD CHILD BROUGHT TO LIFE BY NEW DRUG.

Not long since the medical and lay world was startled by the feat of a physician in Bellview hospital in New York. A woman patient gave birth to twins, one alive the other still born. The attending physician filled a hypodermic needle with the recently discovered powerful drug called adrenalin and thrust the needle by a stab directly into the heart of the dead child injecting the fluid into it. The powerful contracting force of the drug started the heart's action, the child began to breathe and now after two months is alive, healthy and normal.

Last Friday night at Baylor hospital in Dallas, Texas, Drs. Warren E. Massey and J. B. Smoot performed a similar operation with success. A child was born dead but was revived by an injection of adrenalin. Dr. Smoot said "The child was born last night, heart sound was distinct, there was no evidence of respiration. Dr. Massey prepared and injected the drug into the heart muscles of the child. The injection we continued by means of producing respiration, and in a short time the child began to breathe.

On Saturday morning the hospital attendants reported the child in good health and in normal condition.

The number of still births of children are of common occurrence, so common in fact that in almost every family where many children have been born one and sometimes more still births have occurred. In times past the inevitable has been accepted and little if any effort has been made at resuscitation. With the discovery and use of adrenalin it is probable that in a large number of these cases of suspended animation revivification is possible. It is a great stride forward in medical science when the death rate by still birth can be so materially reduced as now appears possible by the use of the new discovery.

DEPUTY MEETS DEATH IN NEGRO CHURCH ROV.

Chattanooga, Tenn., May 14.—John A. Schneider, deputy sheriff, was instantly killed here last night when he answered a call to stop a fight among negroes in a church. The negro, who did the shooting, escaped and was not identified. After the killing, the body of Schneider was carried a block away and cast into a ditch. The dead man's clothing had been ransacked and his watch, money and other valuables taken.

CONSTRUCTION TO BEGIN AT ONCE ON FLORALTA-OPP HIGHWAY.

The Floralta-Opp Highway construction will be begun within the next few days. The contract was let in Montgomery, Monday, to Stanley & Singer Construction Co., of Lafayette, who will be in Floralta Friday and Saturday to award sub-contracts for the construction which must be begun at once.

The News understands that there will be a number of local bidders for short sections of the road up to several miles. Among these will be J. M. Pilcher and T. C. Penton.

It is said that about 200 men will be employed and as many mules. These will be at work before the end of May, probably some of them within the next ten days. The road is to cost approximately \$300,000 and will be the finest road in any of the lower Alabama counties.—Floralta News.

CONGRESSMAN STEAGALL IS VISITOR HERE.

Congressman Henry B. Steagall, of Ozark, was a visitor at Elba for a short time Wednesday morning. While here he visited many of our citizens renewing his pleasant acquaintances. Mr. Steagall was en route to New Brockton where he went to speak before the Woman's Club on Wednesday afternoon.

The Congressman says he is now enjoying the first real vacation he has had in several years, and is thoroughly enjoying it, as his work in Congress during the past winter has been very heavy. He was assigned to many important committees and was kept quite busy all during the session. He will visit this part of the district again within the next few weeks and hopes to see more of our people.

NEGRO AT LUVERNE GETS WHIPPING.

Luverne Journal says:

It is said that a negro driver of an automobile was taken into a store Sunday evening and whipped by citizens of Luverne. The thrashing was done in the hearing of the Sheriff of the county. It seems that the driver tried to go between two cars and hit one. He was led back into a store and given a whipping.

FARMER SLAYS SELF.

Guin, Ala., May 15.—John D. Morrow, who lives in Lamar county, 10 miles west of Guin, committed suicide Sunday morning by shooting himself thru the head. He was found dead in the woods about 75 yards from his house. A pointed stick was lying near him with which it is supposed he pulled the trigger of the gun. He also had a razor on him. He was a very prosperous farmer and leaves a wife and several children. Bad health is supposed to have been the cause of the act.

CONGRESSMAN STEAGALL ADDRESSES CLUB AT NEW BROCKTON.

New Brockton, Ala., May 20.—The Sorosis Club, of New Brockton closed its second year's work Wednesday afternoon when Reciprocity Day was observed at the home of Mrs. W. H. Ward. The guests were welcomed on their arrival by the vice-president, Mrs. Lena Brock, and then conducted to greet Mrs. Ward, Congresswoman Steagall, Mrs. W. H. Edmonds, Misses Miriam Edmonds and Willadine Bush.

Mrs. N. R. Phillips, the president, introduced the speaker of the afternoon, Congresswoman Steagall, who gave an able address on citizenship. Mr. Steagall is the member of Congress from the Third congressional district and was especially proud on this occasion and gave the women of the Sorosis Club and their guests something tangible to think of.

Mr. and Mrs. D. F. Prescott and Miss Debata Blocker visited relatives at Opp Sunday.

Miss Kate Rainer, student at Montevalo, arrived the latter part of last week to spend the summer with home folks.

WHY FARM BOYS SHOULD GET AN EDUCATION.

Some of us seem to think that if our boy is going to follow farming all his life it is not worth the trouble and expense of his getting very much learning. But if he expresses a desire to become a lawyer or doctor, we make every possible sacrifice and so does the boy. He wants to be thoroughly familiar with his profession and that is right.

Farming is also a profession, the one that all the world is dependent on for food and clothing. This makes it the most important one there is. Why then should he not get preparation? He should know how to feed and take care of the dear old mother earth so as to get the best return, how to feed and cultivate his plants, how to fight plant enemies, for they are many. He must learn how to buy and sell wisely to be partner with the city's business men instead of just going on in a haphazard way untrained, getting cheated perhaps and thinking the so-called "Big Man" has got him.

Let us encourage our boys, one and all, to attend school and get prepared for their calling. To know it better will be to like it better and there will not be so much craving for city life. And, as for us who have missed this training, let us take time to read The Progressive Farmer and other good literature. We will be better citizens for it.—The Progressive Farmer.

3 Dead, 1 Fatally Injured When Boiler Explodes

FATAL ACCIDENT OCCURS AT SAW MILL WEST OF ELBA ON WEDNESDAY MORNING

TWO MEN KILLED INSTANTLY, ANOTHER DIES IN FEW MINUTES; FOURTH MAN NOT EXPECTED TO LIVE; BOILER HURLED LONG DISTANCE; MILL WRECKED.

Three men are dead and another is fatally injured, as the result of a boiler explosion which occurred Wednesday morning shortly after 6 o'clock at the saw mill of Mr. Billie Cauley, about nine miles west of Elba, near Friendship church in Covington county.

The dead are: Bethel Sasser, Horace Eddins and Rufus Aultman. Tommie Cauley was fatally injured and little or no hope is held out for his recovery.

All are white men and married with the exception of Eddins. Cauley, so it is said, was married on last Sunday.

The boiler, shed, mill house and much of the machinery of the plant is a total wreck, according to reports of the sad tragedy which are brought to town by several who visited the scene. It is stated that the boiler had been fired up, and that the water was unusually low. Aultman, who was firing the boiler, turned on the water while the boiler was full, and in the twinkling of an eye the explosion came. The boiler was lifted from its foundation and scattered for several hundred yards thereabout.

All four of the men were seated or standing near the boiler when the explosion came and Sasser, Aultman and Eddins were killed almost instantly.

Epworth League, Sunday evening at 6:30 o'clock.

Prayer Service, Wednesday evening at 7:00 o'clock.

Woman's Missionary Society, Monday, 3:00 P. M.

Next Sunday is Commencement Sunday. Dr. C. C. Daniels, formerly president of the Birmingham-Southern College will deliver the Commencement sermon in this church at eleven o'clock. The choir composed of members from the different churches will have some excellent music on that occasion, and it is hoped that everybody in town will be present to hear both the music and the sermon.

The word "commencement" at the end of the year sounds like a paradox, until we realize that the students have only been in preparation for this long period of years so as to fit them to "commence" the activities of life. So when we are called from this world of preparation into the life to come, we are in the great commencement of eternal life.

We appreciated the presence of our brethren of the other churches last Sunday owing to the absence of their pastors who were preaching in other places.

We are glad to say that the outlandishness in the whirlwind missionary campaign is still fresh, and that the attendance at the different circles last Monday afternoon, though not full, was still above average. Do not let any trivial thing keep you away from these important meetings.

It is refreshing to see with what spirit and zest the Junior League takes hold and holds on. Everybody is aware that they are in session when they begin to sing.

Keep the prayer meeting in mind. It is the place where we meet face to face as folks without any attempt at formality, and where we can express our thoughts in prayer and song and story.

The usual services will be at 8 o'clock in the evening with fifteen minutes of worship in song. We are always glad to see you at service.

OLD LADY SERIOUSLY INJURED THROUGH CARELESSNESS OF A. C. L.

Enterprise Ledger says:

In pursuance of their branch line policy of "we don't care a hang," the Atlantic Coast Line "Aggravation Special" of last Wednesday, through official indifference and unorganized methods, was the cause of an aged lady being seriously injured.

Mrs. Mary Ann Harvell, whose home is 6 miles south of Troy, was coming to Enterprise on a visit to her son, W. J. Faulkner. On arriving at Enterprise the train drew up to the station in its usual manner and stopped. Passengers arose and began leaving the train. Mrs. Harvell's daughter, who was accompanying her to the station, had a suit case in each hand and had reached the door of the coach. Mrs. Harvell arose from the seat and was standing in the aisle. Suddenly the engine, which was hooked to the front of the train, began moving. Mrs. Harvell's daughter, who was standing in the aisle, caught to the door before she was thrown completely down on the floor, which resulted in breaking her right hip bone.

At the hour of going to press the injured lady is reported to be doing as well as could be expected, but being 88 years of age, it is doubtful that she will ever walk again.

The people of Elba-Waterford branch have patiently suffered the inconveniences and indignities thrust upon them by the A. C. L. They have long wondered if these things must be endured always. With the presence of the ladies of the church of this city and surrounding section goes out to the injured one and her relatives, and it is the earnest hope of all that she will soon be entirely recovered.

AUTO COP APPOINTED IN PIKE COUNTY.

Troy, Ala., May 21.—Robert Chambers, of Brundidge, has been appointed deputy by Sheriff Carroll and has already assumed his duties. He is equipped with a fast motorcycle with the latest attachments for showing the speed of automobiles. The limit in this county is 30 miles, and Chambers will operate on highways leading into Troy.

Mrs. Sue Lee Gunter, of Elba, has been appointed assistant Dean at the University of Alabama, according to news just received here by relatives and friends.

Mrs. Gunter's daughter, Miss Mary Lee, is a student at the University and she has been spending the past several months at the institution. Her mother is here waiting in glad to learn of her appointment as assistant Dean at the college.

Messrs John Mason Kimmerly, Charlie Ben Ellis and Frances Farris, students at the University of Alabama, are at home for the summer.

TWO KILLED, THREE INJURED BY LIGHT-ERVICES OF SCHOOLS NING NEAR SAMSON WILL BEGIN TONIGHT

Samson, Ala., May 20.—Two still boys, Roy Smith, 12, and Roy McDougal, aged about 5 years, were killed and three other children were injured by lightning in and near Samson Sunday. The three injured children are a brother and two sisters of the Smith boy.

Smith was passing through a hall at his home in Samson when a bolt of lightning struck, according to reports of the tragedy. The three other children were said to have been in a room.

Roy McDougal was killed by lightning at the McDougal home about three miles from here, according to information received in Samson.

Considerable rainfall accompanied the electrical storm, which swept through this section, but no serious property damage resulted from the storm. McDougal was on a bed in his father's home two miles south of town, together with two others, while other members of the family were on another bed. All were shocked into unconsciousness by the stroke which shattered the house on two sides, and recovered save Roy. The storm lasted but a short while and was of cloudburst volume.

AGED WOMAN KILLS NE-GROR PROWLER.

Dothan, Ala., May 22.—We are the great-grandmother of the killing of Arthur Norwood, negro man, by Mrs. Edgmona Parker, seventy-two-year-old white woman, in Headland Saturday night.

Mrs. Parker, who lives all alone in a house in the business part of town, shot and killed the negro man about 9 o'clock Saturday night as he was prowling around in her back yard. Mrs. Parker heard a noise in the rear of her house and, taking her pistol, went out to investigate. She saw the negro man, who ran. She then sat down on the back doorstep with pistol in hand and waited for him to reappear. When he did, she blazed away, killing him instantly, it is said.

CLEARING RIGHT OF WAY; STEEL POLES ARRIVE.

Clearing of right of way for the transmission line from Opp to Samson commenced this week and is being vigorously pushed. A carload of steel poles has been received and is being distributed along the line. These poles are of a braided pattern and will be imbedded in concrete, spaced about 400 feet apart. They will carry the high tension current via Opp from the Pea River Power Company's dam at Elba.

The line follows a tangent all the way, avoiding the curves and crooks of the railroad and the dirt road, and will be about 14 miles long. The distributing line in Samson will probably be run on wooden poles, it was stated by H. A. Dauphin, the local superintendent.

WOODMEN MEET TONIGHT

Crockett Camp No. 159, W. O. W., will hold a special meeting tonight at their hall in the Page building.

All members of the Camp are urged to be present.

Miss Estelle Bryant returned Monday night from a several days visit to Dothan.

CAT ATTACKS WOMAN

LaFayette, Ala., May 21.—Miss Dorothy Allen, one of the teachers in the LaFayette High School, while in her garden Sunday afternoon gathering flowers, was attacked by a vicious cat. Miss Allen was bitten and severely scratched about the ankles. The cat was killed and the head sent to Montgomery for examination. The report is that evidences of rabies were discovered, and Miss Allen will go to Montgomery for treatment.

Miss Jeanette Garrett, who has been teaching at Fairfax, returned to Elba last week for the summer.

ONLY ONE CHANCE MADE IN TEXT BOOKS IN STATE SCHOOLS.

All text books used in the public schools of Alabama this year will be used next year, with the exception of the physiology. The state text book committee and state board of education reached this conclusion at a recent meeting after a long conference. Contracts with publishers which have been made for the year will be made at once and will be effective for the next school term. During the year the board of education will determine whether or not new books will be placed.

The physiology formerly used was not re-adopted because it contained the picture of a still. Many protests against the re-adoption of the book were received by the board. Bobbs-Merrill Company was awarded the contract for the physiology, it being Emerson and Bett's series. Book one will be furnished the state for 60 cents each with an exchange price of 54 cents, while book two will cost 84 cents and the exchange price will be 68 cents.

RULES GOVERNING APPLICATIONS FOR PARDONS ARE ANNOUNCED.

The Clipper has received from the Executive Department of the State, the following rules governing the application for pardons and is publishing the rules for the benefit of those who may be interested in securing a pardon for someone. These rules are sent out by Governor Wm. W. Brandon, and Harwell G. Davis, Chairman, Board of Pardons:

1. All applications for pardons and paroles should be sent to the office of the Governor.

2. All applications for pardons or paroles must first be advertised once a week for two consecutive weeks in some newspaper in the county where the conviction was had, stating intention to apply to the Board of Pardons and the Governor for clemency. A copy of the advertisement attached to the affidavit of the public should be filed along with the application for parole.

3. When a case has been decided by the Board of Pardons and the Governor, it will not be reconsidered by the Board within six months, and new evidence and new facts, where it is possible, should be filed before asking for a rehearing. Intention to resubmit an application to the Board must be readvertised.

4. Applications for temporary paroles are not submitted to the Board of Pardons. Temporary paroles will not be granted to enable convicts to attend to private business or to visit their families except in cases of extreme emergency and then only as a reward for good behavior.

5. The Board of Pardons meets on the second Tuesday in each month. All applications must be filed in the Governor's office at least five days before the date of submission.

6. The Governor will hear applications for clemency on the first and fourth Tuesdays in each month. In cases where an emergency exists, an engagement can be made with the Governor through his private secretary on days other than those mentioned above.

Be Careful and Systematic

People who pay their bills by check get a reputation for being CAREFUL and SYSTEMATIC in their business dealings. Such a reputation means much in the establishment of credit. It costs no more to pay your money out by check than it does to use the hard cash, and you have the advantage of having it in a place that is absolutely SAFE.

To have MONEY in the BANK is of itself a valuable asset in the establishment of credit. And it is possible to practically everyone without a cent of cost. It takes no more money to do business by the checking method than it does by the cash-in-hand method.

AFTER A BALL STARTS TO ROLL IT WILL GO A CERTAIN DISTANCE MERELY BY REASON OF ITS OWN MOMENTUM.

THE HEAVIER AND BIGGER IT IS THE FURTHER IT WILL ROLL. IT MAY HAVE BEEN PRETTY HARD TO START IT IN THE FIRST PLACE, BUT ONCE YOU GET IT GOING A LITTLE PUSH NOW AND THEN WILL BE ALL THAT IS NECESSARY.

IF THE GROUND IS SOFT AND ROUGH YOU WILL HAVE TO PUSH PRETTY HARD WHEN YOU GET TO SMOOTH PLACES IT WILL BE EASIER.

THE BALL OF BUSINESS IS HARD TO MOVE IN HOT WEATHER. THE GROUND IS MORE OR LESS STICKY AND THERE IS A GREAT DEAL OF FRICTION. STILL, IF YOU PUSH HARD ENOUGH, YOU CAN MOVE IT.

IN THE FALL, WHEN COOL WEATHER HAS MADE THIS ROAD TO TRADE EASIER AND SMOOTHER, YOU WILL NOT HAVE TO PUSH SO HARD UNLESS YOU WANT THE BALL TO GO FASTER. IF YOU DO NOT PUSH AT ALL IT WILL COME TO A STANDSTILL EVEN ON A SHEET OF GLASS.

SOMEbody HAS SAID: "THE TIME TO ADVERTISE IS ALL THE TIME."

CONGRESSMAN STEAGALL PREDICTS VICTORY OF DEMOCRATIC PARTY

Henry B. Steagall, congressman from the third congressional district, is in Montgomery to attend and address the convention of Alabama bankers. Mr. Steagall is a member of the Democratic Congressional Campaign Committee, and is optimistic over Democratic prospects in 1924.

"I am convinced the Democrats will sweep the country in 1924 if we stick to domestic questions and the record of the Republican party," said Congressman Steagall. "President Harding and other Republican leaders are attempting to inject foreign affairs into the campaign. They are trying to lead us 'snipe hunting.' The people of the United States are engrossed right now with domestic issues and we should stick to domestic issues and the record as written by the Republican administration."

Congressman Steagall says the general opinion in Washington among both Democrats and Republicans is that 1924 will be a Democratic year. He says, however, there is considerable time yet to elapse before the campaign gets warm and many things may happen.

If the election were held now and the Democrats would stick to domestic issues and the Republican party record, a landslide would result," says Mr. Steagall. "However, you realize the domestic condition of the country in a presidential year is largely responsible for the mental and voting attitude of the people. It behooves the Democrats to be careful, stay in the middle of the road and not be led away on false issues."

Congressman Steagall does not believe the prohibition issue will disturb the serenity of Democrats, in spite of the activity of the way in some sections of the country. "I hope we will be sane in this respect. We know, or should know, no man branded an avowed candidate of the 'wet' and standing on a platform for the repeal of prohibition measures could be elected President of the United States."

Congressman Steagall is awaiting the return of Senator Underwood from Europe and some declaration by the senior Alabama senator. He does not express himself definitely because he had no advice, but he believes Senator Underwood will not declare himself relative to the presidential nomination when he addresses a joint session of the Alabama legislature when it re-convenes in July.

Congressman Steagall is a former solicitor in his district. He was a member of the former congressional committee when the present one was organized in 1907. He succeeded Henry D. Clayton in congress and has been re-elected since. He is regarded as one of the leaders among the Democrats in the house.

Asked relative to his address to the bankers, Congressman Steagall said, "I came here for the benefit to myself of contact with the Alabama bankers and getting their advice and giving them advice. They are bankers while I am not. We have some measures before congress upon which we want the sound advice of the bankers and I am a seeker after information and not a giver of information." A shoemaker should stick to his last. The Alabama bankers are capable of giving me good advice and I earnestly seek it,"—Montgomery Advertiser.

HENS IN ALABAMA LAY \$10,413,000.

Montgomery, Ala., May 19.—Forty-one million six hundred and fifty-six thousand dozen eggs produced by Alabama hens in 1922 added \$10,413,000 to the income of the farmers and chicken fanciers of the state in 1922. This compares with a value of \$9,440,000 for the 30,749,000 dozen eggs produced in Alabama in 1921. These comparative figures from the report of the United States Statistical Department and made public by H. M. Robertson, director of the division of pure foods, feeds and drugs of the state department of agriculture, will in all likelihood prove a revelation to many citizens.

In Montgomery county alone the production of eggs increased in 1922 from 430,000 dozen to 636,000 dozen. The value of the 1922 production was \$150,000, as compared with \$143,000 the previous year. During 1922 DeKalb county and Jackson county led the state with the production of 1,200,000 dozen eggs each, the value of the production in each instance being \$300,000.

"If the election were held now and the Democrats would stick to domestic issues and the Republican party record, a landslide would result," says Mr. Steagall. "However, you realize the domestic condition of the country in a presidential year is largely responsible for the mental and voting attitude of the people. ALABAMA LEASE SYSTEM WORSE THAN FLORIDA'S WOMEN VOTERS ARE TOLD.

Birmingham, Ala., May 21.—That Alabama would have a worse reputation than Florida, if the concealed truth were known about the methods of the convict lease system, was not only the statement of one, but the consensus of opinion among several speakers who addressed representatives of civic organizations, under the auspices of the League of Women Voters tonight.

Two of those who spoke had been members of the Alabama legislature, and one had been on a recess committee appointed to investigate the convict lease system itself, and, with others, had personally visited the prisoners at work in the coal mines. They made pleas for the abolition of the convict lease system.

W. C. Davis, of Jasper, former member of the legislature; John C. Arnold, also former legislator; Judge William E. Fort, of the Jefferson county circuit court, and Lyvin, Engle, of the Birmingham bar, were those who spoke. Mr. Davis cited the explosion in the Banner mines some years ago when scores of convicts, there against their will, were killed. These men, he said, could have been reformed, they were good physical material, they could have been rehabilitated. They died an awful death to which there was no excuse for subjecting them.

Charges High Death Rate. "We are training Alabama girls in a state college at Montevallo within sight of another institution where free labor reverts to work. Convicts are being rehabilitated. They die an awful death to which there was no excuse for subjecting them."

Giving comparisons, he said both Georgia and Mississippi have abolished the lease system and Alabama could do the same by putting the convicts on farms and the public roads.

"Four years ago," said Mr. Davis, "there were only three states within the convict lease system—North Carolina, Alabama and Florida, and today Florida is the most adversely advertised state in the union and today Alabama would be worse off than Florida if the truth were known and the facts published."

Attacks System. "You can kill a cow at the state penitentiary," Mr. Arnold said, "requisition another and he told the first must be paid for, but kill or maim a convict and another is practically instantly available without charge other than for his work."

The warden's salary was supplemented by the mine. I make that statement from testimony given the legislative investigating committee several years ago by men under oath. The man handling the convict must humble him. The convict leaves the stockade under state guard, but at the mine is turned over to a check runner, an old and hardened convict who is responsible for the work the convict turns out. To the check runner's first duty is to get the newcomer under control."

The meeting elected officers to definitely inaugurate and press a campaign to abolish the lease system regarding convicts in Alabama.

Said Tax Adjuster will be in the Tax Assessor's office at Elba for one week beginning on June 4, 1923, and at Enterprise for one week beginning on June 18, 1923, for the purpose of correcting any errors which may have been made in assessments or valuations.

JINRIGHT SUES FOR DEATH OF HIS WIFE.

Montgomery, Ala., May 17.—Suit for \$50,000 damages was filed in United States District court here Thursday by J. D. Jinright, as administrator, against the Gulf Refining Company, of Louisiana, a corporation, and S. W. Studdard. The damages are claimed for the death of Jessie Jinright, wife of the plaintiff, which is alleged to have occurred as a result of an explosion of kerosene sold by the defendant company.

The bill filed here claims that the Gulf Refining Company sold kerosene of inferior quality to W. C. Fuller, a merchant near Troy, Ala., from whom it is alleged the instigate purchased a supply. Studdard is named as a defendant in the suit, on the ground that he was the local agent for the company at Troy. The case was removed to the United States district court here from Pike county. C. C. Brannen is named as attorney for the plaintiff, and J. H. Wilkerson and Steiner, Crum and Weil for the defendants.

CIVIC BODIES TO
ADVERTISE STATE

Conference Called in Birmingham June 9th to Launch Campaign.

Chambers of Commerce and other civic and commercial bodies throughout Alabama are banding together in a state-wide movement to advertise the State of Alabama and its resources to the outside world. Following an enthusiastic meeting held in Birmingham, May 5th, of Chambers of Commerce Secretaries from Gadsden, Mobile, Tuscaloosa, Bessemer, Montgomery, Samson, Alexander City, Huntsville, Albany, Decatur and Birmingham, a joint invitation has been extended to all county commissioners of each county, members of the State Harbor Commission, Governor W. W. Brandon, executives of railroads operating in the state, editors of the local press, public utilities to meet in Birmingham on June 5th to set in motion a nation wide advertising and publicity program about Alabama.

The projected campaign will deal with the agricultural advantages, the resources, industrial assets, manufacturing opportunities and economic and civic progress of each portion of the state with regard to suitable states in the union. The advertising and publicity program will be directed towards attracting new industries and farmers to the state. The creation of each county unit will be sought, following a survey to determine what each community and section has to offer in the way of industrial, commercial or agricultural advantages. The advertising and publicity campaign will be conducted through the medium of magazines, newspapers and other periodicals of national circulation.

All Chambers of Commerce and similar organizations in every city and county are cordially invited to attend the conference on June 5th. O. L. Bunn, Secretary-Manager of the Birmingham Chamber of Commerce, who was elected general chairman of the campaign, at the meeting on May 5th, urged the attendance of at least one representative from all commercial and civic organizations. "This is the most significant and far reaching movement ever launched in Alabama's history," Mr. Bunn declares. "It should consolidate the civic interests of each community into a centralized effort on behalf of putting Alabama in the spot light of public attention."

A business like program, featuring however, a few speakers of note and ability, will be presented at the conference on June 5th. An executive committee, authorized at the first session on May 5th, will have general supervision of the campaign, and will hold a meeting in the next few days to arrange details. The present movement is the first in the history of Alabama. The Chambers of Commerce have united in behalf of a statewide publicity project. W. F. Black, Secretary of the Montgomery, Ala., Chamber of Commerce, declares that it is Alabama's great opportunity. H. A. Weiseling, of Wetzelville, maintains it is going to draw all sections of the state more closely together in the bonds of common effort for the benefit of all. Every Secretary who attended the first meeting is enthusiastically supporting the movement, and within a numerous list of endorsements have been received from writers not represented.

FLORALA LAD IS DROWNED

Florala, Ala., May 21.—Sigurd Snuggs, a member of the first grade of Florala city schools, was drowned accidentally in the water more than an hour before it was found and all efforts at resuscitation failed to bring back the spark of life. He was carried to the mill at McRae by his father in the morning and was fishing in the mill pond when he fell in. No one saw him when he fell into the water and it was about 45 minutes before he was missed by those around the mill. A search revealed his body in a deep part of the pond. He was brought to his home in Florala and buried Sunday.

POLICEMAN KILLS CITIZEN

Florence, Ala., May 21.—Felon Wilcoxon, 34, was shot and killed shortly before noon yesterday at St. Joseph, Tenn., by Grover Perry, a policeman at that place. Perry was arrested immediately after the shooting and lodged in jail at Lawrenceburg, Tennessee. Although there were two eye witnesses to the killing, neither of them will make any statement as to the cause of the shooting.

Why Zinc in paint

ZINC is the backbone of Pees Mastic Paint—50% highest quality ZINC Oxide and 50% pure sublimated white lead, ground in genuine linseed oil. Lead alone is too soft; the paint would chalk. ZINC alone is too hard—the paint would crack and crackle. COMBINED in a double pigment paint, such as Pees Mastic, Lead and ZINC reinforce each other, eliminating the deficiencies that appear when either pigment is used alone.

Point with a low ZINC content lacks oil-carrying capacity, and soon goes "flat." For as you know pure linseed oil is the life of the paint. The high gloss finish of every Pees Mastic job is readily explained by the fact that it is ground in pure linseed oil.

Remember that paint costs less than neglect—Pees Mastic will save you a great many dollars in repair bills.

ELBA SCHOOLS CLOSE SUCCESSFUL TERM WITH GRADUATING EXERCISES TUESDAY

SPLENDID COMMENCEMENT PROGRAMS ARE RENDERED BY ALL DEPARTMENTS; TWELVE BOYS AND GIRLS RECEIVE DIPLOMAS FROM HIGH SCHOOL.

The 1922-23 session of the Elba Schools came to a close on Tuesday morning with the graduating exercises, when the High School: Miss Laura Bryart, Alpheus Ellis, John Garrett, Judson Gorman, Joe Tennant, Miss Rena Lee, Byrd Mitchell, Sam Rowe, Miss Augusta, Della Small, Rudolph Wright, Miss Jessie Windham, and Solie Brunson.

Although there have been many obstacles to hinder, the school has had a very successful session.

The Commencement Exercises of the Elba Schools began on last Thursday evening when a recital was given by the music and expression departments of the school. The program was one consisting of songs, readings, piano solos, pantomimes, etc., and was participated in by both small and large pupils of these two departments. It was a fine program, and each number was well rendered, showing that the pupils in these departments have had able direction during the year.

On Friday evening a program was rendered by the pupils of the elementary grades, which consisted of the following numbers: Chorus: The Public Schools Will Make Us True Americans. Play: "The Sleeping Beauty."—Johnston—First and Second Grades. Chorus: "Mamma's Lullaby"—Van Dyke—Fourth Grade Girls. Drill: "Guess Who"—Eldridge—Third Grade Boys. Play: "Scenes from Hiawatha"—Longfellow—5th Grade. On Sunday morning at the Methodist Church the commencement sermon was preached by Rev. C. C. Daniels, of Troy, pastor of the First Methodist Church of that city. Those who heard the sermon were fortunate for it was a great deliverance. The sermon was appropriate and one of the most eloquent ever heard in Elba. The music for the occasion was unusually good, the choir consisting of members of all denominations here.

On account of the heavy rain which came up just at the hour for these services, many people who intended being present could not get to the church. All who attended were well repaid for their presence in the splendid sermon and the exercises.

On Monday night at the school auditorium the senior class gave a play entitled "A Prairie Home." The play was well rendered, each member carrying his part well, and a splendid audience was present to witness the play.

The exercises came to a close on Tuesday morning when the following program was rendered: Piano Solo—"Grand Valse Caprice"—Engelman—Miss Mary Ames. Invocation—Rev. Chas. H. Gorman. Chorus—"Amorous"—Boes Salutory—Miss Jessie Windham. Piano Solo—2nd Mazurka—Godard—Miss Augusta. Belle Small. Address—Hon. P. P. Clayton. Song—Senior Class. Valedictory—Miss Augusta. Belle Small. Delivery of Diplomas—Superintendent B. H. Boyd. Chorus—"On the Road to Mandalay"—Speaks. Benediction by Rev. W. T. Grider.

The following boys and girls were granted diplomas from the High School: Miss Laura Bryart, Alpheus Ellis, John Garrett, Judson Gorman, Joe Tennant, Miss Rena Lee, Byrd Mitchell, Sam Rowe, Miss Augusta, Della Small, Rudolph Wright, Miss Jessie Windham, and Solie Brunson.

Mr. Tommie Cauley, young white man who was seriously injured in the boiler explosion at West of Elba on Wednesday morning of last week died on Thursday night.

Mr. Cauley's death brought the total up to four who lost their lives in the explosion, three men having been killed on the scene almost instantly. A very sad incident in connection with Mr. Cauley's death is that he had just married on Sunday before the fatal accident. This whole section of the state was made sad on account of the tragic death of the four men.

There is seating capacity in the churches of this country for fifty-five million people, or close to one-half of its population, and yet there are instances where there have been known to be no unoccupied seats at the Sunday services. There is seating capacity in automobiles for every one of the millions of inhabitants of the United States, but you seldom see a vacant seat in one. If we depended on consistency where there are no unoccupied seats, there would be no unoccupied seats, rings and things as we flash in our neighbors' faces at the present "riding."

Go some that there is a copy of the Alabama Advocate in your house. We are getting a club rate for the district conference, and if you will leave a dollar and you, and you will Mr. Leslie Mixson, he will send you the paper whether new or renewal for a year. This is the best reading for the least price we know anything about. Do it today.

All the children who have been sick are improving and will soon be out again.

We are sorry to learn that Mrs. H. B. Wilson had to undergo an operation in the hospital at Troy, but reports are that she is doing well.

The rain of Sunday interfered with the church attendance, but those who heard the fine music by the mixed choir from the different churches, and the able commencement sermon by Dr. C. C. Daniels, of Troy, were amply rewarded for all their efforts. Dr. Daniels is just out of Columbia University where he attended lectures in psychology the past year.

Do not take a vacation in church because the children and teachers are taking one in school. Satan never tires of his great school, and never grows a victor, and is always delighted to see the friends of his friends take a needed vacation from prayer, preaching and other church services. Come to prayer meeting every week.

WITH THE CHURCHES OF ELBA

ANNOUNCEMENTS AND NEWS OF INTEREST FROM FROM OUR RELIGIOUS INSTITUTIONS

BAPTIST CHURCH
Preaching 11:00 a. m. and 8:00 p. m. by Chas. H. Gorman Pastor.
Sunday School 9:45 a. m. Grover C. Bowden, Supt.

A very encouraging feature last Sunday was the increased attendance at Sunday School. We had the largest attendance we've had in several months. Let every one get busy and build up the attendance until all the constituency of the Church is enrolled in the Sunday School.

On account of the pastor's absence Sunday last, the commencement sermon last Sunday, we haven't had a morning service for two weeks. We will have our regular evening 7 o'clock service next Sunday and preparation is being made to make it a very helpful as well as interesting service.

A special feature of the morning service will be a number rendered by the male quartet. Other special music will be rendered at both services.

You are cordially invited to attend all services.

METHODIST CHURCH

Mrs. J. M. Garrett and Miss Jeanette Garrett were visitors at Montgomery the latter part of last week, having gone to attend the commencement at the Woman's College.

ENTERTAINS
BRIDGE CLUB
Miss Lurline Ham was hostess to the Bridge Club Saturday afternoon at her beautiful home on Claxton street. The living room was made beautiful by the use of sweet peas and other cut flowers. Games were enjoyed at four tables, after which delicious supper and ice courses were served. We can easily represent things as we wish them to be.

The Town Council, whose duty it is to appoint such boards, has named the following new members on the board: S. H. Brock, J. O. English, J. L. Morrow and O. S. Winston.

The new members together with O. A. Elba, a member of the old board, will have control of the school affairs of the town in the future. It has been the policy of the town council to have already elected some of the teachers for the school next year, however, we have not received a list of those named.

JUDGE CARNLEY CONFERS WITH COMMISSIONERS ABOUT ROADS

Judge J. A. Carnley was a visitor at Montgomery the first of the week, having gone to confer with the State Highway Commission about road work in Coffee County. One project which was taken up with the commission was the building of one mile of road through the town of Elba, which will connect the Troy-Elba highway with the new Elba-Enterprise road. Another was the rebuilding or re-surfacing of the first seven miles of the Troy-Elba highway. An effort is also being made by the Commissioners' Court to have a concrete bridge built over Pea River at Elba. Present plans are making an effort to repair the old bridge here, but it is hoped that a new bridge can be secured.

Judge Carnley says that Engineer J. A. Elba has been promised to look into the importance of the highway program as outlined by Governor Brandon. It is proposed that a three-mill tax shall be levied for educational purposes by the Judge and Commissioners can be secured.

Judge Carnley also discussed with Mr. Keller the proposition of the highway program of the county from a point in the northeastern part of the county to Kingston, but was informed that at the present time this project could not be launched by the Judge and Commissioners can be secured.
